Good morning Paul,

Thank you for clarifying as I was concerned how it came across. Your account is appreciated.

Rest assured I'll stand by my commitment of doing all I can to maintain the pressure with the MoJ to repair the roads on the estate.

Thank you.

Kim Moloney

Hi Kim

In our minutes we have a line for PC updates. There was no official updates from the PC.

Neil told us that you were very supportive at the meeting on our behalf and we thank you for your support.

There has been a delay in attaching the Defib as we did not have a location as the original person backed out and we have not found the right place.

Neil has offered to have it on his home for us and it will be going up in the next two weeks.

Please be assured that it is not a negative saying there was no update from the PC, it's just a standing item

On our agenda.

Thanks from myself for the support you gave Neil at the meeting

Best Regards

Paul Irwin

Chair of Waddesdon CC, Inspire Bucks and Springhill residents association.

Hi Neil,

Thank you for the minutes that I've now how time to read.

I was surprised to see "no feedback from the Parish Council". Can you expand on what it is we are to feed back on?

At the recent MoJ meeting you'll recall I spent time pleading for the MoJ to repair the roads at Springhill. I told them of my recent visit to the estate and the distress it causes for the Springhill residents. They said it is not off the table and would be a one off if it were to happen. Given this could potentially be an enormous benefit to the residents I'm surprised it's been omitted. How will the residents learn of this golden nugget?

I spoke with a resident who was not aware there was a second defibrillator on the estate. I can't recall where you installed the unit we arranged for you foc. Please advise. We can also enter the location on our website.

For transparency Cllrs, Cllr Mahon, and Paul and Rob copied in. I do not have contact details of your other committee members but feel free to pass on.

Thank you Neil.
